

### **REMARKS**

Claims 1, 2, 4, 5 and 35-36 are now pending following entry of this Amendment.

As required by 37 C.F.R. 1.121, a "marked-up" copy of the amendments to the claims is appended to this Amendment.

Applicants note the Examiner's comment that the amendment to claim 3 in the March 11, 2003 Amendment was not entered because claim 3 was cancelled by Preliminary Amendment filed November 16, 2001. In response, Applicants submit that claim 5 was inadvertently numbered as claim 3 in the March 11, 2003 Amendment and accordingly, Applicants have properly presented the amendment to claim 5 herein and submit that this amendment also renders moot the Examiner's objection to claim 5 as being in improper form.

### **REJECTION UNDER 35 USC §102(e)**

The Examiner rejected claims 1, 2, 4, 5 and 35-36 as anticipated by Lau et al US patent 6,503,949 because the third compound in columns 501-502 of Lau et al and the compound in Example 265 of Lau et al correspond to the third from the bottom compound on page 11 of the March 11, 2003 Amendment and the third from the top compound on page 4 of the March 11, 2003 Amendment respectively.

In response, Applicants submit that this rejection is rendered moot by the amendments to claims 1 and 2 presented herein in which Applicants have deleted the compounds referred to by the Examiner.

In view of the above, it is respectfully submitted that all pending claims are in condition for allowance.

Early action to that end is respectfully requested.

The Examiner is hereby invited to contact the undersigned by telephone if there are any questions concerning this amendment or application.

Respectfully submitted,

Date: July 15, 2003
